

På udveksling i Danmark

Diana fra Italien fortæller om hendes ophold i Danmark. Diana har været i Danmark siden august 2017 og skal være her frem til juni 2018. Skrevet i december 2017.

Hi, I'm Diana and I'm from Italy.

I have been in Denmark for the half of my experience. I will stay here until June. I love Denmark and I don't want to leave it, even sometimes I miss my family. Anyway, I love my host-family, they are often funny and sweet. We are 4 siblings! There're lots of differences between my school in Italy and my Danish school.

My Danish school it' s so big: lots of classes, auditorium, gym, laboratory, music class with every kind of instruments, "kanten", lots of places to have sport around the school. In Italy we don't use computer (almost never). We are around 1000 or 2000 students and 140 teachers and staff.

I like Denmark because it's so "hygget". I love landscapes, the way that Danish people live, and I love my Danish friends. Normally, Danish are so cold and they don't like too much strangers, but not at all, in fact I found lots of great person... I spent lots of time with them and we have got many memories.

Actually, it's the half of my experience. Sometimes the time is so slowly, but now It's ticking. Sometimes it's hard, especially in the beginning. This experience is changing me a lot and It's the best experience ever! I learned more English, and I learned (and I'm Learning more) Danish.

Jeg kan snakke og forstår dig, hvis du snakker langsomt :)
