

På udveksling i Danmark

Martina fra Italien fortæller om hendes udvekslingsophold i Danmark. Martina har været i Danmark siden august 2017 og skal være her frem til juni 2018. Skrevet i december 2017.

Hej Explorius,

Jeg prøver at forbedre min dansk så vil jeg prøve at skrive dette email på dansk.

Det er nogle billeder fra min juleoplevelse her i Danmark med min familie.

På det første billede er der mine veninder Anna og Natasha og mig i Nyhavn, på en hyggelig dag i byen.

På det andet billede er der min søster Mille og jeg der bager pebernødder sammen mens vi spiser slik fra Julekalender og på det tredje billede er der igen Mille og jeg der pynter op til jul mens vi lyder og synger julemusik.

And a little more in English:

I have been spending great weeks before Christmas in my family, they make me feel home and that I am part of the family!

The pictures I sent are just some of the great moments I have had with my family and my friends. We have baked some of the traditional Christmas sweets and cookies all together that we are eating in our hyggelig days before the 24th. The house is fully decorated with Christmas decorations we put on all together and I'm planning on learning how to make the paper stars Danes hung everywhere for Christmas.

The city is amazing with the Christmas markets and all the decorations: my friends surprised me taking me to the hotel D'Angleterre in Copenhagen when they turned on the big advent calendar and it was amazing. I am going to have a Christmas Day with my two best friends and I am sure I'll have a lot of fun, and then the real family dinner on the 24th.

I am also going to have dinner in the city and a nice walk on strøget with my family and mormor and morfar on the 23rd.

I will be very busy but I am glad I am experiencing this new traditions with my friends and my family.

Hilsen

Martina
