Dear host family,

Hello! My name is Natthaphat. My nickname is Phat. I stay with my parents and I have five elder brothers. I must take care of myself. Take responsibility for my own actions, such as cleaning bedroom. Sometimes, I go to help mom clean the glass, sweep the house. My parents are responsible for home expenses.

My mom likes cooking. She makes a very delicious meal. I am friendly, kind, adventurous and easy-going. I am studying in grade 11. My school is boarding school. My school is close to mountains, so it has natural good air and view with that in mind I spend most of my time with my friends. My school has activities. I like to play sport, play guitar.

My favorite sport is Fencing and Basketball. I have seven best friends. I learned a lot from this school. The strength, patience, harmony I have found good friends who teach me about life always and encourage me. I come back home every Friday and go back to school every Sunday. I spend time doing my homework and taking extra classes. I listen to music. I like foreign movies for fun and to practice the language. I usually go to the beach because I like to listen sound of wind and sound of waves, it is relaxing but sometimes I stay at home with my family for rest too because to be with someone I love is amazing. I like to listen to other people's stories. I like to give advice. I like to work as volunteer.

Especially the volunteer camp with children. In the future I want to be Veterinarian, Psychiatrist and do work as volunteer. What to do in the future is travel to the place other. I want to learn the culture of Denmark. I chose to join this exchange program because I can use the knowledge of my experience to improve myself and help others.

I would like to say thank you so much for choosing me and hosting me because without your help and cooperation I cannot be a successful exchange student. I want to gain more experience and make new friends. I would like to help you with household chores because I want to be with you as a family member not as a guest. Please inform me about the rules of your family. I would not disappoint you. Thank you for your kindness in advance. I am looking forward to seeing you. I am very excited that I just cannot wait until I leave for the Denmark. It's a dream that's going to be a reality soon.

Yours faithfully,

Natthaphat
